DESCRIPTION

The Rubicon continues on a 7 year tradition. The 2015 model is all new redesigned and re engineered. It has almost Zero carry over components. The new slick body is product of European design and finesse. The front nudge bar is discreet in its appearance and houses the 2500 pound winch.

The update 500cc 4 valve engine has been refined and is now smoother than ever. There is more usable torque and pick up has been better matched so take off is completely seamless.

2015 Model gets a larger passenger seat with taller more supportive back rest which is completely removable when not in use.

With selectable 4wd, the Crossfire Rubicon 500 is sure footed and will take you where you need to go. This 4wd ability is not simply for extremes but is about getting around even on the wet, muddy miserable days with ease and stability.

With standard winch, Day time Running Lights (DRL) and Aluminium wheels the 2015 Crossfire Rubicon 500 is a rugged beauty.

"..the new slick body is product of European design and finesse.."

SPECIFICATIONS

Engine	LH188MR, One cylinder, 4 stroke, water-cooled, SOHC
Bore x Stroke	82mm x 87.5mm
Compression Ratio	10.2:1
Max Torque and Rev	38.8 / 5500 Nm/r/min
Max Power Output	26kw / 36HP
Displacement	493cc
Max Speed	89km/h
Start Type	Electric
Ignition Type	CDI
Transmission	CVT
Suspension Front	MacPhersan Suspension
Suspension Rear	Double A-Arm Independent Suspension
Shock Absorber	Spring Preloaded, Oil Damping
Braking	Hydraulic
Rims	Front: AT25X8-12, 95kPa Rear: AT24X10-12, 95kPa
Seat Height	900mm
Product Dimensions	2120mm x 1185mm x 1215mm
Clearance	280mm
Wheelbase	1285mm
Minimum Turning Diameter	6100mm
Weight	364kg
Towing Capacity	200kg
Tank Capacity	12.5L
Payload Capacity	150kg
