TREX 110

ATV

The Crossfire T rex 110 is our best looking quad bike for riders aged 10 and up (depending on size and skill level). It comes standard with a throttle governor and both front and rear brakes.

Fully automatic transmission and electric start means this bike is easier to jump on and get going without the need for kick starting.

The T rex has fully enclosed foot wells so the rider stays drier and is more protected than having footpegs alone.

The memory foam seat is both plush and grippy for hours of riding comfort.

Is our best looking quad bike for riders aged 10 and up (depending on size and skill level).

Engine	4-stroke SOHC
Displacement	110cc
Power	6.7 HP @7500rpm
Torque	7.5 N.m @5500rpm
